

Precision Machining Partner

www.multisourcemfg.com

250+ MACHINING CENTERS

- 3, 4, 5-axis Milling
Vertical/Horizontal
Swiss Machining
Multi-Axis Lathes
Live Tooling
EDM
3D Printing

QUALITY

- ISO 13485:2016
AS9100D
ISO 9001:2015
ITAR Registered FDA Registered
DFARS/NIST PFMEA
PPAP SPC

40+ HIGH PRECISION INSPECTION MACHINES

PROTOTYPES

Dedicated Prototype Facility!

Capable of manufacturing complete parts in 2 weeks.

ADDITIONAL CAPABILITIES

- Electrical & Mechanical Assembly
Grinding, Honing, Lapping
Micro Deburring
Laser Marking

- Polishing and Broaching
Medical Assembly
Plastic Fabrication:
Bending, Forming, Welding

COMPLEXITY

Part Envelope: min. 0.008" max. 8 ft.
High Precision, High Accuracy for Complex Needs.

MATERIALS

- Aerospace Grade Aluminum
Medical & Aerospace Stainless Steel
Standard Grade Steel & Aluminum
Titanium, Copper and Brass
Engineered Plastics
And many more! Contact us for a full list.

WHY

MULTISOURCE?

- Quality Commitment
Continuous Improvement
Supply Chain Management
Value Engineering
Equipment Investment
Inventory Management
Customer Satisfaction
